San Antonio's Animal Care Services

The City of San Antonio Animal Care Services is the largest, open admission, municipal shelter in South Texas. Serving San Antonio residents, ACS resides on a 14-acre campus boasting a variety of programs and services aimed at encouraging responsible pet ownership and compliance in our community.

The mission of Animal Care Services is "to encourage responsible pet ownership by promoting and protecting the health, safety, and welfare of the residents and pets of San Antonio through education, enforcement, and community partnership. "

Since 2005, the City of San Antonio has taken progressive steps towards implementing more humane practices and programs at Animal Care Services. These innovations have resulted in significant measurable progress towards a No-Kill community. The City of San Antonio defines "No Kill" as all healthy and/or treatable animals find positive placement and that the only animals euthanized are those that are so sick or behaviorally impaired as to not be adoptable.

In fact, in FY 2014, the City's municipal shelter set an all-time historic record of more than 81% Live Release rate for all pets in our care. But there is still more work to be done. Animal Care Services is dedicated to making San Antonio the largest "No Kill" community in the country – that means no healthy or adoptable animal will be euthanized for time, space, or lack of a loving home.

The successful turn-around and innovative improvements made at Animal Care Services have been prominently discussed at the ICMA and the Alliance For Innovation conferences as well as being featured in Animal Sheltering magazine, Best Friends Magazine and NACA news magazine. ACS was the winner of the 2012 ASPCA Rachel Ray \$100K Challenge and a 3rd place finisher in 2014.
